# Siding Replacement

**As the top siding replacement company in Portland, Pacific Exteriors NW provides a wide range of external siding choices to its clients in the Portland and Vancouver metro areas. A reliable and respectable siding provider and contractor for commercial siding is Pacific Exteriors NW. Siding replacement and commercial siding repair are our areas of expertise. Your siding issues can all be resolved by us!**

**From vintage cedar or T-1-11 or even James Hardie Plank to rotten and damaged LP siding, CertainTeed Fiber Cement Weatherboards, Masonite siding, Omni Wood siding, Weyerhaeuser siding, EIFS stucco siding, and DryVit stucco siding. The majority of siding issues arise from improper installation.**

**Pacific Exteriors NW is a company you can rely on to complete your siding project correctly. We can handle any siding issue you may have, whether it's residential or commercial! Your home's worth will rise as a result of our recommended siding lines and materials, which will also update or alter the external cladding's architectural style.**

**The kind of siding you choose is crucial since it shields your house from the weather. This is particularly important given the region around Portland and Vancouver's humid climate.**

# **Pacific Exteriors NW recommends**

**As your Portland siding replacement and siding repair contractor for home siding or multifamily and commercial applications, Pacific Exteriors NW recommends James Hardie® siding, such as HardiePlank® fiber cement siding, Pre Painted siding, Plank Artisan, and Reveal siding.**

**Here in the greater Portland metro and surrounding areas, siding problems are common, and the choice of siding material and proper waterproofing methods to eliminate moisture intrusion are severe considerations for any homeowner. Pacific Exteriors NW provides and installs only the most proven and the highest quality exterior cladding siding materials to protect the exterior envelope.**
